RE: Paving of West 3rd Site (Master Metals)

Dear Mr. Bradt:

I am writing this letter to update my original letter/proposal to you on June 27, 2000 (see attached). In conversation with you after the original was sent, it was determined that we might have omitted the portion of proposed pavement outside the fenced area of said property. After a site meeting with our Alex Ploetz and yourself on July 11th, 2000, it was so determined that we had missed this area and it was not included in our original proposal.

To pave this area per the specifications as shown on the plans, there would be an additional cost of \$6,150.00 bringing the total cost of the project to \$193,475.00. I hope this oversite did not create any disruption to your game plan and I thank you for your insight to our oversite.

Sincerely,

John F. Chagin
